ABOUT RONALD MCDONALD HOUSE CHARITIES (RMHC® NZ)

You can make a difference

When a child is diagnosed with a serious illness, it impacts the entire family. RMHC® New Zealand offers free accommodation and support to thousands of families with a child in hospital, so they can focus on what matters most - their child.

With the number of families in need of support growing every year, we can only continue to care for them thanks to the generosity of those who choose to make a difference.

Our colour run is designed to further support families while their child is in a hospital away from home.

About RMHC® NZ

RMHC NZ is an essential service, keeping thousands of Kiwi families together while their child receives life-saving hospital treatment. Each year, over 4,400 families stay free of charge at Ronald McDonald Houses and Family Rooms across the country, saving them over \$10 million in accommodation costs and providing meals and emotional support.

We must raise \$8 million annually to make this possible. As demand grows, so does our focus on delivering on our promise to never turn an eligible family away.

The Bourton Family

"At just three days old, our wee Felix needed surgery due to a potentially fatal heart condition. Our new family stayed at Ronald McDonald House for 110 nights while Felix recovered in PICU. RMHC NZ became our home, and it fills our hearts to know they'll be there in the future when Felix needs further hospital care. During the toughest time in our lives, RMHC NZ was there for us." **Liam Bourton, dad to Macy & Felix**

WHAT OUR FAMILIES SAY ABOUT RONALD MCDONALD HOUSE

The Bourton Family - Hamilton

Tammy and Liam Bourton from Hamilton were thrilled to be expecting twins in late 2024 - but early scans revealed that one twin, Felix, had a serious heart condition.

They relocated to Auckland for specialist care and welcomed their twins at 37 weeks.

Felix underwent high-risk heart surgery at just three days old, followed by multiple complications and months in PICU. During this difficult time, the Bourtons found critical support at Ronald McDonald House, which provided not just accommodation, but emotional strength and community.

Liam is still so grateful for the part RMHC® NZ played in supporting his family during their toughest times. "Without Ronald McDonald House we really would have been lost. The fact we were able to be together as a family in such a necessary time was fundamental to us getting through our journey," he says, "adding to this the help and support from the staff making sure to take the time to check in on us, provide us with food, take care of the little things so we could focus on our new family is simply remarkable."

"RMHC® NZ very much became a home away from home for us and it really fills our heart to know it is there for us whenever we need to return for Felix's future hospital stays."
